

Welcome to Mrs Stepanowich's Kindergarten

mstepanowich@rockyview.ab.ca 403-948-7030

I am so looking forward to a year of exploration and learning with both Kindergarten classes. We will wonder and search, observe and colour, cut, draw and write, and discover new things. Together we will care for the Outdoor Classroom, plants and animals and bugs, help each other and learn to work and tidy up in the classroom.

This will be my 30th year as a teacher (gulp!!) and I still feel like every year is as new and different as the children I teach. There are always developing ideas to explore, new methods to share and this year is no different. I have the tried and true as well as new plans to weave together.

I was born in Norway and lived and taught in Kenya until 2002 when my husband and I moved to Canada. I have been at Ralph McCall since 2003.

I am delighted that I get to be your child's teacher. Please do not hesitate to be in touch if you have questions of any kind.

Here's to a year of joy and laughter and lots to learn.

Mrs. Stepanowich
